About the Author

I write modern day love stories that lift the heart, melt it, and set it back down better than it was. Maybe even crack it up a little. That's probably the reason my Cocker Brothers of Atlanta Series has over 250,000 sold even though I'm a self-published author (a rebel by nature). People are just plain having fun and telling their friends. A stand-up comic for 5 years, a pro-photographer for 10, an actress for more, a filmmaker past present and future, and I've been writing ever since I sold my parents fictional stories at age 6, for a dollar, hand illustrated and tied with yarn by nail-bitten fingers.

I could only give it 2 stars

September 17, 2017

Format: Kindle Edition **Verified Purchase**

Ok I know I do not agree with all the 5 star reviews but I have my reasons. The positive....likeable characters, funny dialogue between Eric and Wren and ...and? Negative the story is just a bunch of fluff! Hard to believe and the storyline just could not hold my interest. It was boring! Here is an example of what I thought was wrong with it - Wren hears that Eric had made a huge bet about getting her to go to bed with him. Without talking to him about it she just quits talking to him, doesn't bother to ask him about it. Weeks go by and his mother finds out where Wren is working and shows up to plead her son's love for Wren. Really? This is a grown man, professional football player and mom is getting involved. Just hard to believe. Finally, lots of crude language and graphic sex scenes do not make a good book. I had stopped reading the book about a third of the way through it and put it down. I decided to keep reading it again and finished the book. Mistake! I gave it 2 stars because the characters were likeable and the author does have a flair for writing. I just wish the storyline was more believable.

Interesting Idea, Poorly Executed

May 17, 2018

Format: Kindle Edition **Verified Purchase**

If you're into narrative that doesn't sound like the author's own stream-of-consciousness narcissism, move along from this one. There's nothing wrong with the premise, but good golly the writing sucks every drop of potential sexiness out and spits it on the floor. This feels like a vanity read - it's just plain awkward. Too bad cos it sounded interesting!

Lots of laughs

May 13, 2018

Format: Kindle Edition **Verified Purchase**

This is my first cocker brother's book won't be my last. Eric was having too much fun not settling down and playing the field. Until he meets Wren, the sassy bartender who doesn't let his NFL quarterback status affect her. But when it's meant to be it just kinda works the other way.

October 15, 2017

Format: Kindle Edition

This was more like a PSA for date rapists and bullying than a romance story. The sex scene was a disappointing payoff to an already mediocre attraction between two incredibly boring characters. Yawn.

CJ Depew

Quality issues...

May 7, 2018

Format: Kindle Edition [Verified Purchase](#)

Thankfully I didn't pay for this one, got it as a freebie. Right off the bat, the book starts with missing punctuation, and there are capitalization errors on the first page. Apparently the author and her editor are as familiar with football as they are with punctuation. I also find it rather hypocritical of this author to use the Atlanta Falcons team name, yet not give one bit of acknowledgement to the NFL and their various trademarks when she, herself, claims to be an expert in that field. As I read on, I found the book peppered with yet more editing errors and just not all that enjoyable. Meh, thanks, but no thanks. I won't be purchasing any of the others in this series.

Mary H

Loved Sean and Celia!

February 24, 2018

Format: Kindle Edition

This is the romance of Sean and Celia. You first meet these two in Cocky Rebel, well Celia was born in Cocky Biker but was just an infant there. Neither of these two is a Cocker but they live with the Cyphers and Jett, Luna, and Sofia Sol Cocker.

Faleena Hopkins has a way with a slow burn romance. Here Sean is trying to join the Cyphers and trying to focus on only that even though he is immediately attracted to Celia. Celia is a sweet yet tough woman who believes she is in love with someone else.

Loved it!

Published 17 days ago

Robin

Bleh

Not a good author. Books are bleh.

Published 21 days ago

Kay B

Not great. Not even really good.

I'm really baffled by the five star reviews on any of this woman's books. The writing is lackluster, and

Celia is best friends with Sofia and their mothers are also best friends. She is just a little bit older than Sean. I like how not all of the Cocker series follows the normal man is older than woman model of romance. I also love how it only matters who you are as a person, not the color of your skin or who you choose to love. If you are a good person you are welcomed here.

Loved the continuation of the Cipher's story!

November 28, 2017

Format: Kindle Edition [Verified Purchase](#)

Celia has had a crush on Atlas, Luke's younger brother for years. Because of strict "no sexual involvement" house rules, she has been reluctant to let it be known. After all, look what happened with Luke and Sophia Sol! When a new probationary member arrives at the house, things start to change. Sean aka Diesel, wants nothing more than to join the Ciphers. He was abused as a child and felt like he never fit in with others. The group puts him through rigorous training and testing to see what he is made of. Sean is tough, fearless, loyal and resilient, but his biggest problem is Celia. One look and he is hooked. Can he have both, or must he choose between a chance to be a Cipher or getting the girl of his dreams. This book delves more into the MC club life style and way of thinking. Each member has his/her own strengths and weaknesses'. Again, more secrets come to light and whoa, what's happening to Ben? And don't forget the bonus content!

A great Cocky addition

November 14, 2017

Format: Kindle Edition [Verified Purchase](#)

Haven't met a Cocker Brothers story I didn't like. Quick read. Well edited.

Sean first appeared in Sofia Sol's story and I am so very glad that he got his own tale. He was such a great guy - always willing to stand up for the little guy and always thinking about how others felt. Faleena does a great job with the timeline - reminding us of what is going on with Sofia Sol & Luke, as well as Celia and Atlas.

I look forward to every new story. With all the tidbits on Ben, I sure hope his story is coming soon. So want him to finally be happy. So many cousins, so many Ciphers, so many stories and possibilities. Maybe Tonk Jr will end up in Atlanta with the blood Cockers while he gets his degree... Hmm....

Expanded Family Tree

November 13, 2017

Format: Kindle Edition [Verified Purchase](#)

I've read pretty much everything by Faleena - including earlier stuff - and the Cocker series has been really fun. I've bought and read them ALL. This one was especially amazing as she was able to splice and graft two separate families together, making the family tree spread wide and far, and now I cant wait to see what

happens next- new blood, new possibilities. Totally enjoyable series, but do yourself a favor and start at number one. Its been a fine ride.

Love this Series!!!

February 13, 2018

Format: Kindle Edition [Verified Purchase](#)

I have to say that I have not read one book in this series that was not a great story. With that being said, this book is no different. It is an amazing story with amazing characters. Faleena Hopkins has created a family with the Cocker Series. Not only with her books but with her fans as well.

In this story Celia thinks she is in love with Atlas. That is until Atlas snitches on his brother Luke. When Luke is sent away, everyone is tense in the household. Celia wants to be there for Atlas, but she still finds it hard to be ok with what he did. When a new guy named Sean is introduced into the house, Celia's feelings start to change.

Sean is misunderstood. He is always in trouble because he fights for those who can't fight for themselves. Not understood by normies, he feels misplaced like an outsider. That is until he meets the Ciphers. When he is given the chance to try out for the MC, he jumps on it. He will do what he must to become a Cipher, even if it means not acting on his feelings for the beautiful Celia. But when secrets come out of the dark hiding spaces, his time with the MC may just be reaching an expiration date. Can he prove he is worthy?

This book was a pretty emotional book compared to some of the others. I always like reading about Jett and

love or his purpose in life

December 13, 2017

Format: Kindle Edition [Verified Purchase](#)

The story of finding your little nook in this world. Knowing that you have a purpose but not knowing how to do it. Sean's story resonates with most of us who tried to just live our life not fully executing our purpose in life. Having been given a chance by the Ciphers to do what is meant for him to do helps him find the right path he should be going. Although, coming to where he should go, he needs to encounter some obstacles that would make him choose, love or his purpose in life.. This series is something that you cannot simply unfollow, each stories tackles life's reality and give a little twist that sometimes helps us find our own happiness..Love it!

 ViolinVixen**Sofia Sol's story - Well worth the wait! Loved this latest Cocker family romance!**

October 14, 2017

Format: Kindle Edition 

I've been waiting a long time to read Sofia Sol's book. :) Her appearances in the previous books have been so shrouded with mystery and darkness, I couldn't wait to see what her life was all about.

The Cocker family romances have always had a strong base of family values, family loyalty and togetherness. It's the usually the Cockers against the world. This book is a bit different. It still sticks with the family values, loyalty and love, but it focuses around Sofia Sol's non-blood family, the Ciphers MC. She's been raised in a huge house with the other Cipher kids all around her. Their relationships have become stronger than blood and together they are thicker than thieves.

Sofia loves her life in the MC. It's a devoted family of misfits, but it's wrapped in a much rougher package than the clean cut and politically correct Cockers. The Ciphers would die for each other. They train together, eat together, sleep together and right wrongs together.

Strict rules forbidding romantic entanglements between unmarried MC members are to protect the entire

 Helpful Not Helpful[Comment](#)[Report abuse](#) LetyM**My favorite Cocky book so far!**

October 24, 2017

Format: Kindle Edition 

This is by far my favorite Cocker story. Sofia Sol's story is so poignant! Luke and Sofia's love story is so beautiful and heart wrenching! Their non-conventional family and the way that they live exponentially heightens the loyalty and unity that a typical family would have for one another. It would be impossible not to fall in love within their community since they live, breath, eat, and work together.

Luke is a hero, choosing not to tell on his brother after he was thrown under the bus and made to leave the family. Luke was out there all by himself away from everything he knew to sacrifice his love for Sofia to his brother. Sofia Sol is the same great character as she has been in previous books. I love her spunk and fire but Luke seems to calm her. They are lifetime soulmates, not only of the currently life they are living and that is so much more. They feel it and live it once they realize the intensity of what that means.

Of course, it wouldn't be a Cocky book without the Cocker crew and I loved seen them gather for their cousin at the plantation. Usually the gatherings are in Atlanta but this time they took it to Sofia and that was awesome! I love them meeting Santoch and how that developed into the addition to the family, as well as the opening that her reading left in our minds. Looking forward to see the development of that reading. Give us more Cipher stories Faleena, you have ingrained another wonder family in our hearts so we want to know

Reading one of Faleena Hopkins it's always a treat... you know you will love the story and you can't wait to see what happens, although when you hit the end , you definitely want more...But this story right here it's the perfect path for Sofia to find her happy end. You will cry, laugh, swear and love to way even the "stunning spawn of Satan". If you don't already love the Cocker family, you will adore it after you read this.

Sophia was worth the wait.

October 15, 2017

Format: Kindle Edition [Verified Purchase](#)

Cocky Rebel was worth the wait. The glimpse into the ciphers mc was unexpected. We learned more about this wild child and that it doesn't always have to be blood to be a family. To know that these rough and tumble bikers also have a soft side was great to see. All in all, another great read that gives little nuggets for future stories that leave you craving more.

The exciting world of Cocker Family!

October 15, 2017

Format: Kindle Edition [Verified Purchase](#)

Any book of Cocker relatives, is immediately read. I thoroughly enjoyed Sophia. She is a breath of fresh air, with her rules and values to live by, but Family is always first. How wonderful that she found her perfect partner who loved her just as she is. Can't ask for more. Her family loves with everything in them.
